Dear Chair and Commissioners:

Greetings. I write you this fax to voice my support for encouraging more localism in the ownership of media outlet license awards. Providing an opportunity for voices under represented and/or ignored by mainstream media outlets is good public policy. In particular, the variety of music being offered by the broadcast radio industry is too narrow and the public deserves better.

Sincerely,

John Del Vecchio

RE: Media Localism and Ownership Proceedings and Local Video Franchising.

Dear FCC,

On October 31st, you have a historic opportunity to protect diverse, locally controlled media which serves our communities. Having some of our media under local control is vital to democracy and, in rural areas it is the only way that citizens can have access to information about their community.

We are bombarded daily with messages from corporate America and mass media. Public Access Cable Television is a small voice but unique, and one that we need to preserve

Please give your support to building a strong citizenry.

Sincerely,

Jane Greene

Please make the intelligent decision to protect locally controlled media that serves each of our own communities. Any other decision is truly scary.
